
For the first time at
work at the Doel
Nuclear Power Plant.
What to do in
advance?

What to do
when you come
for work?

On the site

- Electronic registration of employees. ①
- **ATTENTION!** The documents must be in the possession of our reception at least 28 days before starting work.
- Provide documents of social legislation if applicable (Limosa, A1, work permit). These must be requested by the company itself.
- Pass the 'Safe2Start' test successfully, chapter 'Visitors'. ②
- Sign the individual security form for contractors.

In the technical installations

- All rules concerning access to the site remain applicable.
- **Additional rules:**
 - » A screening must be conducted by the government for each employee. The safety officer of the company makes the request to the FANC (Federal Agency for Nuclear Control) or the NVO (National Safety Authority). For companies that cannot appoint a security officer can appeal to our reception to request them. ③
- Pass the test 'Safe2Start' successfully, chapter 'technical installations'. ②

In the controlled area

- All previous rules valid for access to the site and access to the technical installations are applicable.
- **Additional rules:**
 - » Medical exam ④
 - » Dosimetric form ⑤
 - » Nuclear Safety Culture Training 'controlled area'. ③
 - » Pass the test 'Safe2Start' successfully, chapter 'controlled area'. ②
