## Requirements for workers and companies?

### On the site

- Electronic registration of employees. 1
- A screening must be conducted by the government for each employee. The security officer of the company makes the request to the FANC<sup>1</sup> or the National Security Authority<sup>2</sup>. For companies that cannot appoint a security officer can appeal to our reception to request them.
- Provide documents of social legislation if applicable (Limo-sa, A1, work permit). These must be requested by the company itself.
- Pass the 'Safe2Start' test successfully, chapter 'Visitors'. 2
- Sign the individual security form for contractors.

### In the technical installations

- All rules concerning access to the site remain applicable.
- Additional rules:
  - » Nuclear Safety Culture Training 'technical installations'.
  - » Pass the test 'Safe2Start' successfully, chapter 'technical installations'. 2

# See **Necessary documents** →

<sup>1</sup> Federal Agency for Nuclear Control  
<sup>2</sup> Nationale Veiligheidsbevoegdheid

### In the controlled area

- All previous rules valid for access to the site and access to the technical installations are applicable.
- Additional rules:
  - » Medical examination 4
  - » Dosimetric form 5
  - » Nuclear Safety Culture Training 'controlled area'. 3
  - » Pass the test 'Safe2Start' successfully, chapter 'controlled area'. 2
